

THE WITCH ENOSIA

THE CIRCLE IS OPEN. WILL YOU ENTER?

It began with a vision. Many years ago, a mysterious woman with flowing black hair appeared and spoke a single word: Enosia. Who she was—and why the name mattered—remained a mystery.

Music followed. As Rosie Soul, she became a commanding rock-and-roll force. Then a battle with cancer brought life to a halt. In the retreat that followed, survival gave way to profound personal transformation. Earlier patterns fell away. The witch began to awaken.

Through witchcraft and the guidance of Hecate, goddess of the crossroads, the vision finally began to make sense. The woman was not a stranger. She was Enosia—an expression of the goddess and of the self waiting to be revealed. Hecate had carried the message; at last, she illuminated the path.

The Witch Enosia now steps forward—a natural evolution of the journey. A practicing witch channeling her craft into music, inviting others to step beyond the ordinary and into a powerful, shared experience through sound, ritual, and magick.

THE SOUND

Crushing Sabbath-esque riffs. Epic hard rock. Earthy, gritty power channeling the Divine Dark Feminine.

THE EXPERIENCE

Witchcraft is not the theme of the show—it is the heart of it. Music becomes invocation; the stage becomes sacred ground; the audience becomes part of the magick.

THE AGE OF SILENCE IS OVER.
